

Ownership Verification Letter: Adriana Venter (aka Adriana Music)

Full Legal Name: Adriana Venter

Aliases / Developer IDs: Adriana Music, Adriana Media, AdrianaMedia International, Dragonfly Media, Dragonfly Capital, CreativeLive Inc., iRadio, Signature Inc., ING Group, Ingwenya Investments, DigiSurf, Digital Diamonds, Alchemy Systems, Google Chromium Legacy Contributor, Rixi2203, AdrianaSA, AdrianaDJ, AremixDJ

Location: South Africa (with global digital footprint)

DECLARATION OF DIGITAL ASSETS AND INTELLECTUAL PROPERTY OWNERSHIP

This letter serves as an official statement of authorship and ownership of the following:

1. CODE & IP REPOSITORIES

- Blockchain streaming protocol infrastructure
- ProxyStream (Native Instruments proxy server to Beatport, Spotify, Apple Pay, and Apple Proxy)
- Integration of HTTP/3D VoIP & Hypertext architecture
- Azure-based health record security APIs
- Microsoft Dynamics, Power Automate, and Microsoft Health integrations
- Adobe Admin and license provisioning backend systems
- GitHub: rixi2203, adrianamusic, dragonflymobi
- Google Firebase, Google Developers Console Projects, Chromium contributions
- Owner of Google Firebase: Titanium Genre

2. DIGITAL LICENSES & DEV PLATFORMS

- More than 9,987 active licenses across:
 - Microsoft Health, Dynamics, Project, and 365
 - Adobe Creative Suite (Admin license holder)
 - Auth0 integration for payments and user ID
 - MasterPass, DragonPass, and Visa Developer Platforms

3. DIGITAL DOMAINS & BRANDS (*Tracker in progress*)

- Domains privately registered as early as 2003
- Brands: CreativeLive, iRadio, Adriana Music, Dragonfly Radio, ProxyStream, Digital Diamonds, AdrianaResources, AdrianaEnterprizes, Adriana.Monetary
- Portfolio websites and systems: Propex4, SignatureInc, AdrianaMedia, AdrianaMusic, HTTP, HTTPS, Chromium, Adobe, Google.co.za, TurbullionGroup
- Live TXT file and DNS ownership records will be verified

4. MUSIC IP & DIGITAL RIGHTS

- iTunes and Google Play music releases since 2007
- Spotify streaming infrastructure and monetization backend
- 3D music printing and blockchain-based music fingerprinting system

5. RFID, RADIO & SATELLITE TRACKING IP

- National RFID codebase linked to JJ Plates International & LALSA (License and Authorisation Zone Association)
- JJ Plates International provides national and international number plate machine manufacturing, embossing QA, and secure printing integration
- NATIS integrations for number plate and native ID system
- Global radiofrequency ownership (Alexa Internet, iRadio)
- Satellite data protocols managed under Adriana Music Technologies

6. BLOCKCHAIN ASSETS & TRACKING

- Integrated with native blockchain layer for VoIP + payment streams
- DigiCert digital licensing used for web + code authentication
- Apple, Google, Microsoft internal filing of blockchain protocols tied to Adriana's work
- Authorship of secure blockchain ledger entries

7. PCI COMPLIANCE + FINTECH IP

- Developer of secure payment systems (Authorize.net, Visa, MasterPass)
- Control over payment routing protocols via native blockchain structure
- Developer of OrthO – the third-party open-source payment token backend

8. VERIFIED ADMIN & LICENSE CONTROL (Microsoft/Azure)

- Microsoft Global Administrator on domain: Ingwenya1.onmicrosoft.com
- Email roles: rix@Ingwenya1, adriana@Ingwenya1, propex4@gmail.com, adrianav@Ingwenya1, rianav28@gmail.com, adrianasamusic
- Owns provisioned applications: Dropbox Business, Adobe, USDT Token, Google Cloud Connector
- Product licensing portfolio includes:
 - Power Automate (Free), Power Apps for Devs, Fabric (Free), Power Pages Trial (9,987+ licenses)

9. PORTFOLIO + IP EVALUATION (In Progress)

- Estimated value: \$40M–\$120M+ depending on formal IP auditing
 - Includes streaming royalties, licenses, codebase reuse across Big Tech
 - Valuation pending digital forensic report
-

STRATEGIC IMPORTANCE & FUNDING REQUEST

Adriana Venter is requesting startup capital to operationalize and execute against the awarded tender opportunity in collaboration with Finance Africa and HyperData. The funding includes:

- **R10 million** to acquire controlling interest in **JJ Plates International** (data security, RFID, number plate printing)
- **Additional startup capital** to cover:
 - Vehicle, new laptop and secure phone
 - Office setup and housing
 - Payroll for core tech and integration team
 - Initial pricing and submission for awarded **SITA tender** and **RFP 3112-2025**

STRATEGIC GOAL:

To secure directorship and full operational control over HyperData in partnership with Finance Africa and Shane Farrell. HyperData will fall under the technology authority and IP infrastructure of Ingwenya1. Microsoft, AdrianaMusic, and AdrianaMedia.

 **Key Insight:** Adriana's data, infrastructure, and software have been in active use across government and private sectors for over a decade. The current and future tenders rely heavily on her intellectual property, making her integration into HyperData both strategically and technically **non-negotiable**.

PROPOSED STRUCTURE:

- **Primary Holding Entities:** Adriana Music, Ingwenya Investments, ING Group (RSA/UK/USA Military & Microsoft/Health aligned)
- **Finance Africa:** Current owner of HyperData; funds serial-based assets and subscriptions (rent-to-own)
- **HyperData:** To be co-directed by Adriana Venter and Shane Farrell (brought tender opportunity)
- **JJ Plates International:** Manufacturing facility to be funded for production launch; controlling shares held by Adriana and son JJ De Lange Jr.
- **Julian Venter / Link Positive:** Responsible for SEO, security integrations, link structures and artist/media management

MICROSOFT PARTNERSHIP VALUE:

Adriana Venter holds Microsoft Admin control and has developed security, health, and productivity tools deployed across tender scope and beyond. Her system ensures: - Secure software & hardware integrations - End-to-end IP and data encryption and compliance (PCI, ICASA, PSIRA, NASA) - Global licensing and user provisioning

This structure allows shared benefit while maintaining non-exclusive rights for Adriana to work with other partners internationally, including future investment rounds and global rollout.

WHY FUNDING ADRIANA BENEFITS FINANCE AFRICA

- **Return on Investment (ROI):** Immediate and scalable monetization from integration of existing IP
 - **Key Performance Indicators (KPI):** Digital forensics, tender execution success, security protocols, new system activations
 - **Equity Access:** Shares in Adriana's tech portfolios with billion-rand potential
 - **Compliance Advantage:** Cybercrime-proof infrastructure meets all SITA/DTIC requirements
 - **Security & Sovereignty:** Maintains local and international compliance while protecting IP sovereignty
-

VERIFICATION IN PROGRESS

- **Domain Tracker:** WHOIS + DNS TXT recovery (2003–present)
- **Portfolio Tracker:** GitHub, OpenHub, Firebase, Chromium
- **RFID/IP Tracker:** Registered API and tracking licenses under JJ Plates + NATIS + LALSA
- **Music Tracker:** Spotify, iTunes, Google Play royalty and publishing control
- **Blockchain Ledger Verification:** Authorship, timestamp, and internal dev logs
- **Microsoft Product Tracker:** Product License Export ID Product_List_07_13_2025, Registered App List Verified via OwnedAppRegistrationList.csv

NON-DISCLOSURE & NON-CIRCUMVENTION

This IP is **not to be replicated, disclosed, or re-engineered** without express written consent of Adriana Venter. All attempts to impersonate or claim ownership of this intellectual property will be pursued under international cybercrime, DMCA, and copyright law.

Signed:

Adriana Venter
